

FlowMotion

YuanLife Embodied
AI Physiotherapy Robot

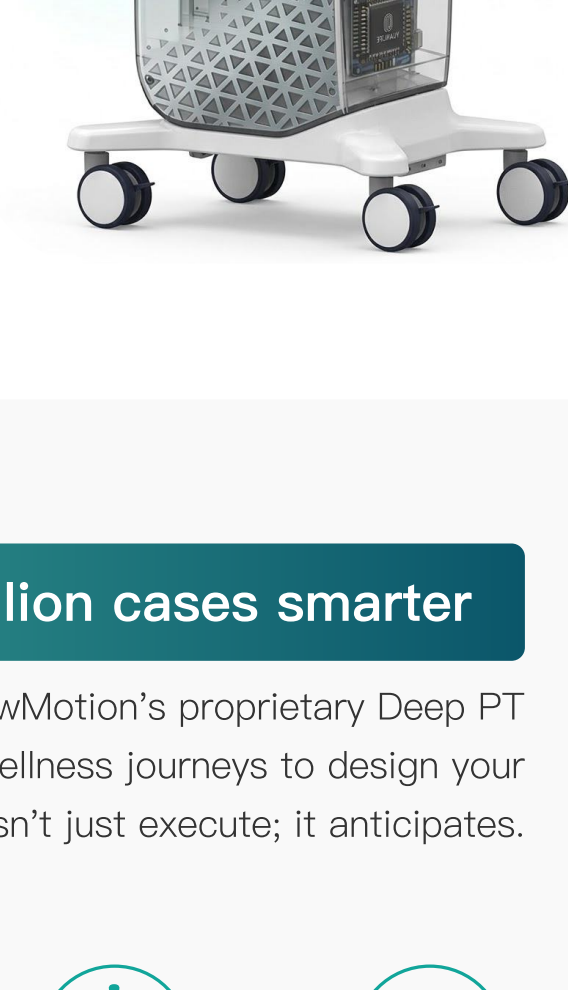

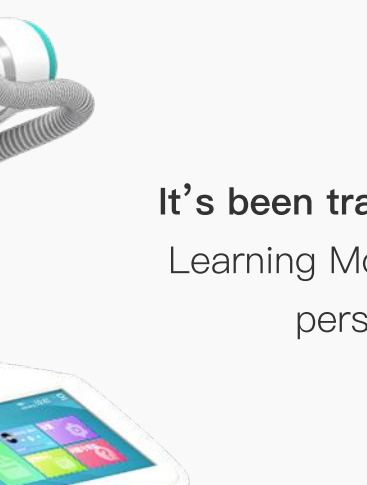

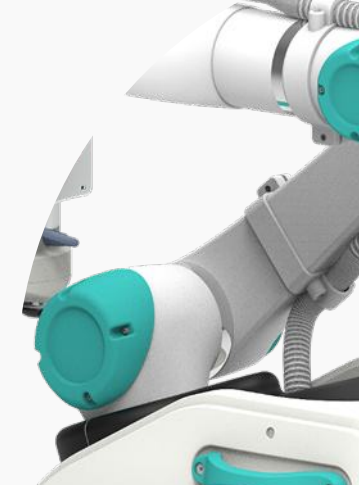

Intelligent Flex, Intuitive Touch

Intelligent Flex, Intuitive Touch

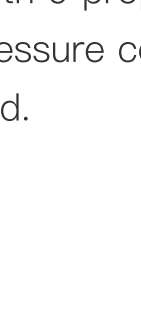

The Eyes: See the relief, sense the heat

Sharp vision meets warm insights. From high-resolution body contouring to precision thermal mapping, FlowMotion doesn't just see the surface; it understands the rhythm of your vitality.

The Brain: A million cases smarter

It's been trained a million times over. FlowMotion's proprietary Deep PT Learning Model has analyzed millions of wellness journeys to design your personalized path to vitality. It doesn't just execute; it anticipates.

Relief Path Design

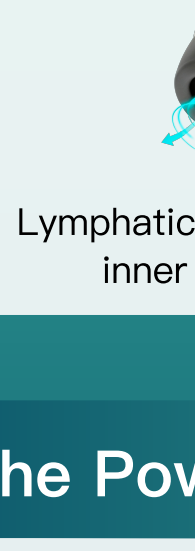

The Hands: Human intuition, robotic precision

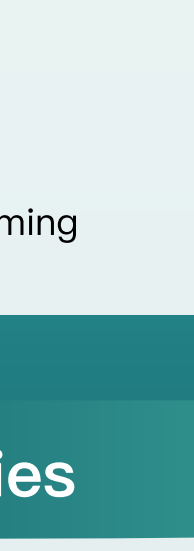

Grace in motion and flexibility. With its 6-axis dexterity, FlowMotion brings unmatched flexibility like human hand movements. Equipped with 9 proprietary relief modules and active force feedback, it delivers pinpoint pressure control. Safety protocols are built-in, ensuring a calm and peace of mind.

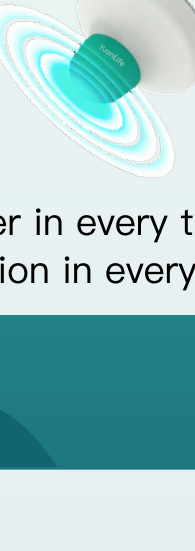

Benefits

Energy Flow
Restoration

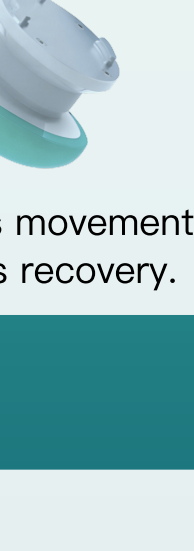

Metabolic Thermal
Regulation

Targeted Ache
Alleviation

Enhanced
Immunity

Subdermal
Tissue Relief

The Thermal Series

Hot Stone Head

Ancient hot stone therapy
wisdom, intelligent warmth.

Heated "Palm" Head

The warmth of a hand, the
depth of therapeutic heat.

Heated "Finger" Head

Warmth sculpting, refined by
"fingertips".

The Meridian Series

Vacuum Head

Lymphatic relief, reclaiming
inner energy flow.

Pressing Head

Power in every touch,
precision in every gram.

Pushing Head

Seamless movement,
timeless recovery.

The Power Series

Shockwave Head

Release, Restore, Revitalize.

Fascia Head

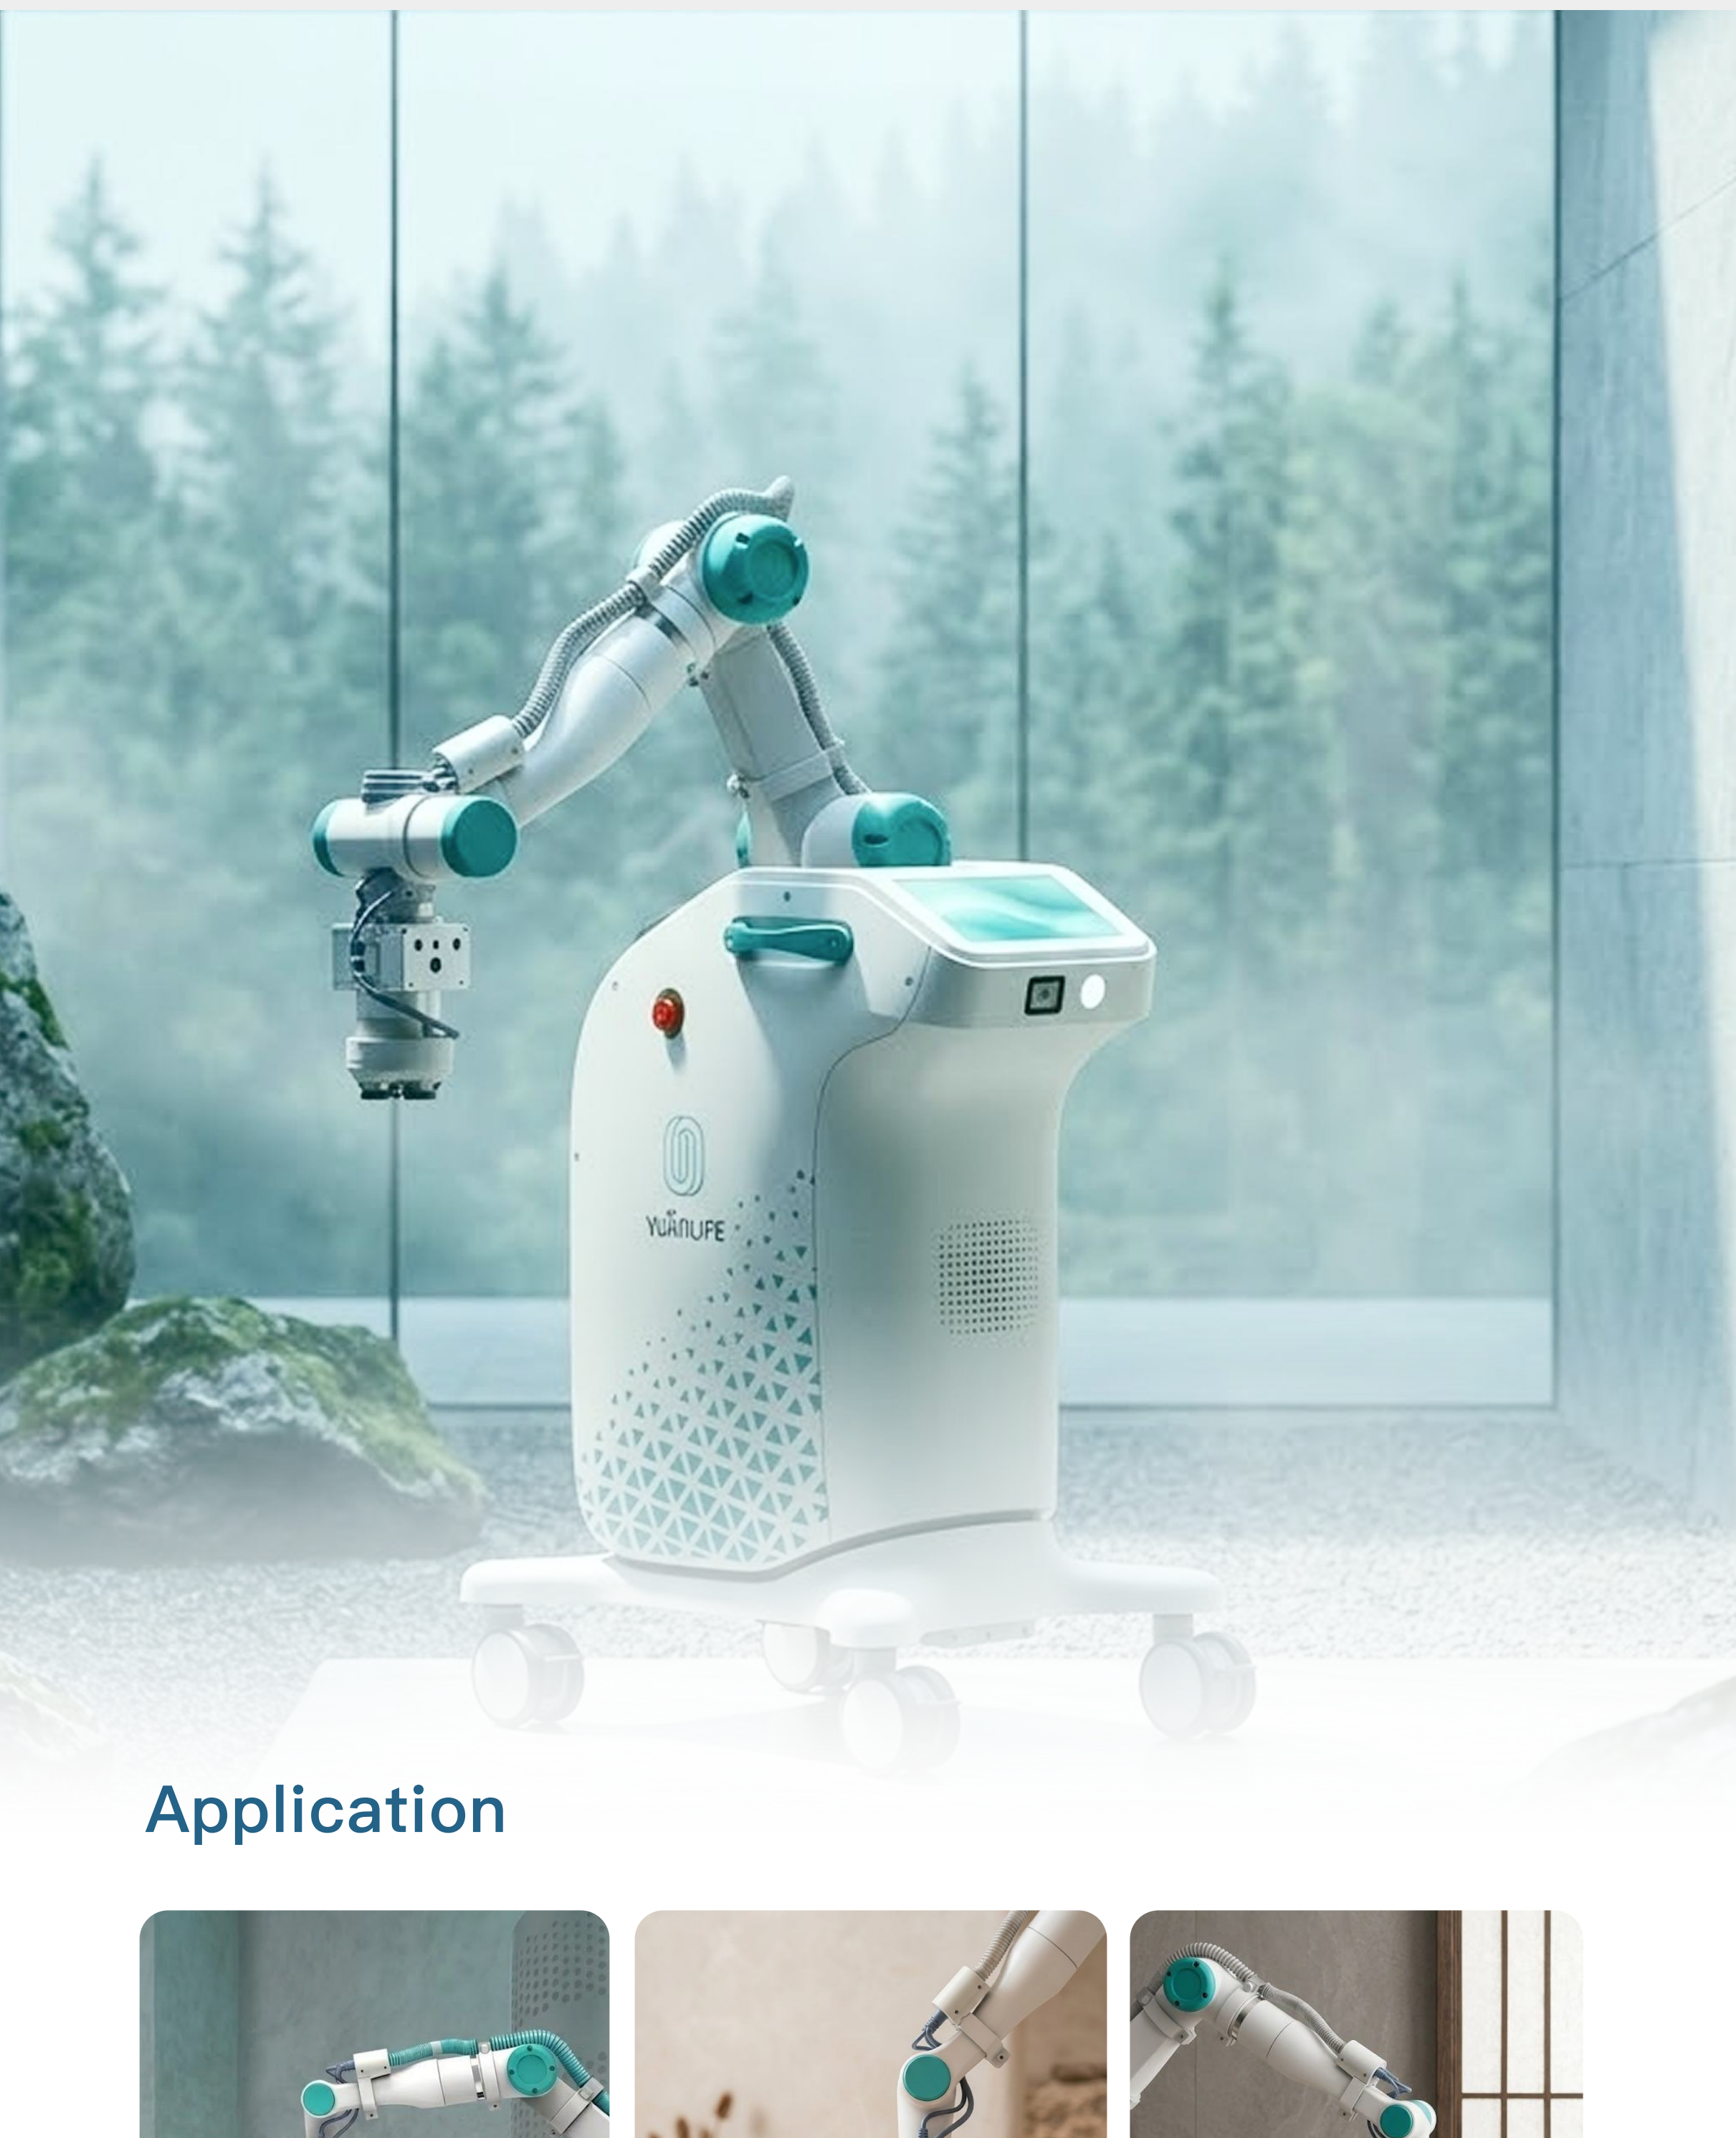

Instant muscle relief.

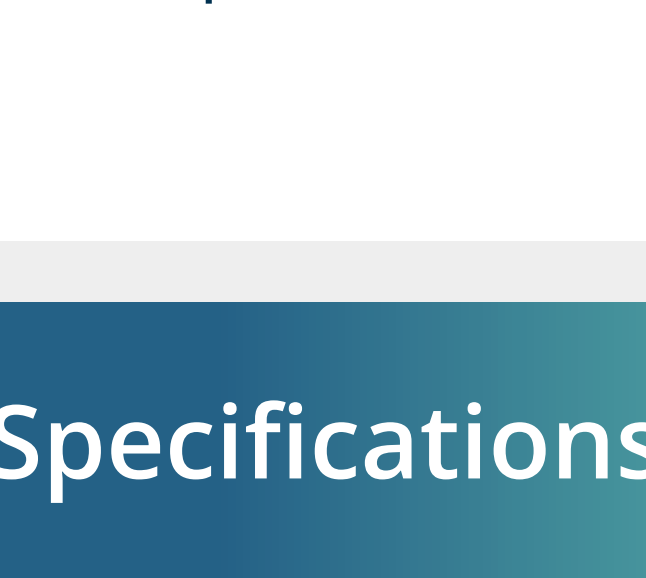

Ultrasonic Head

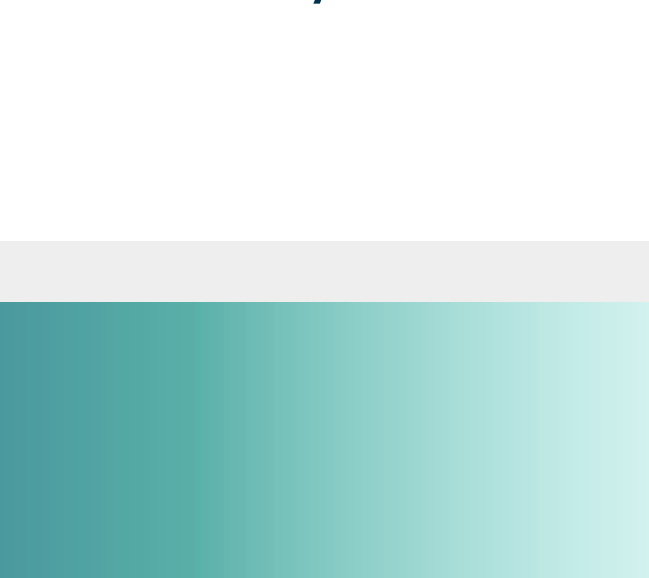

Micro-vibrations for
tissue relief.

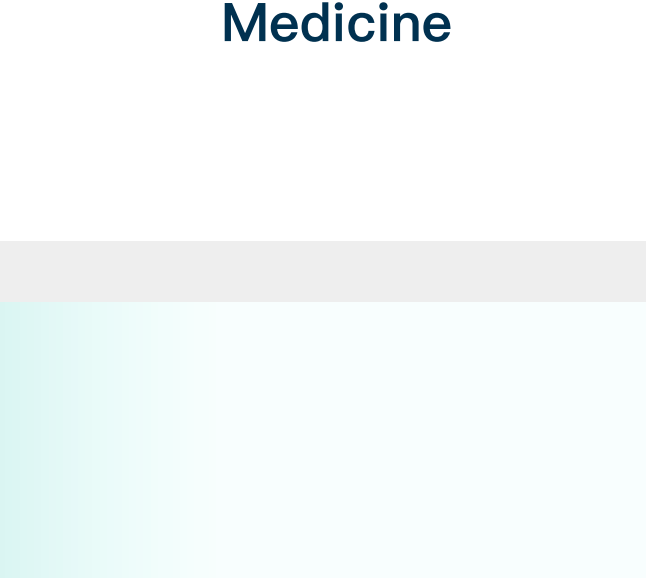

Application

Sports Center

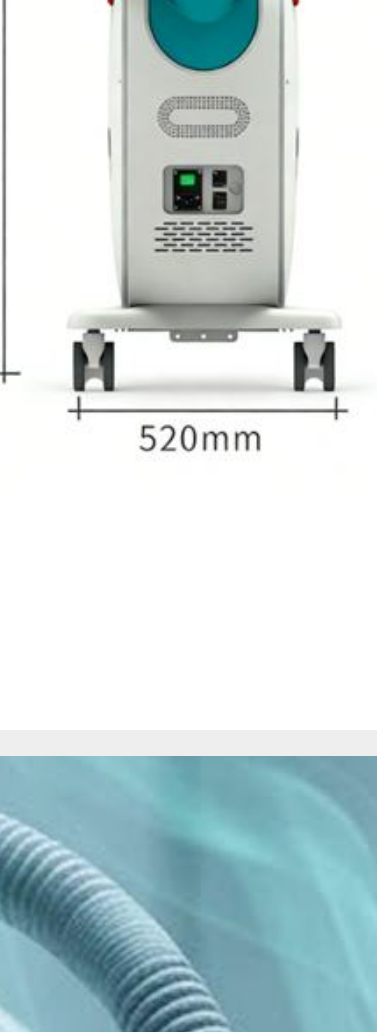

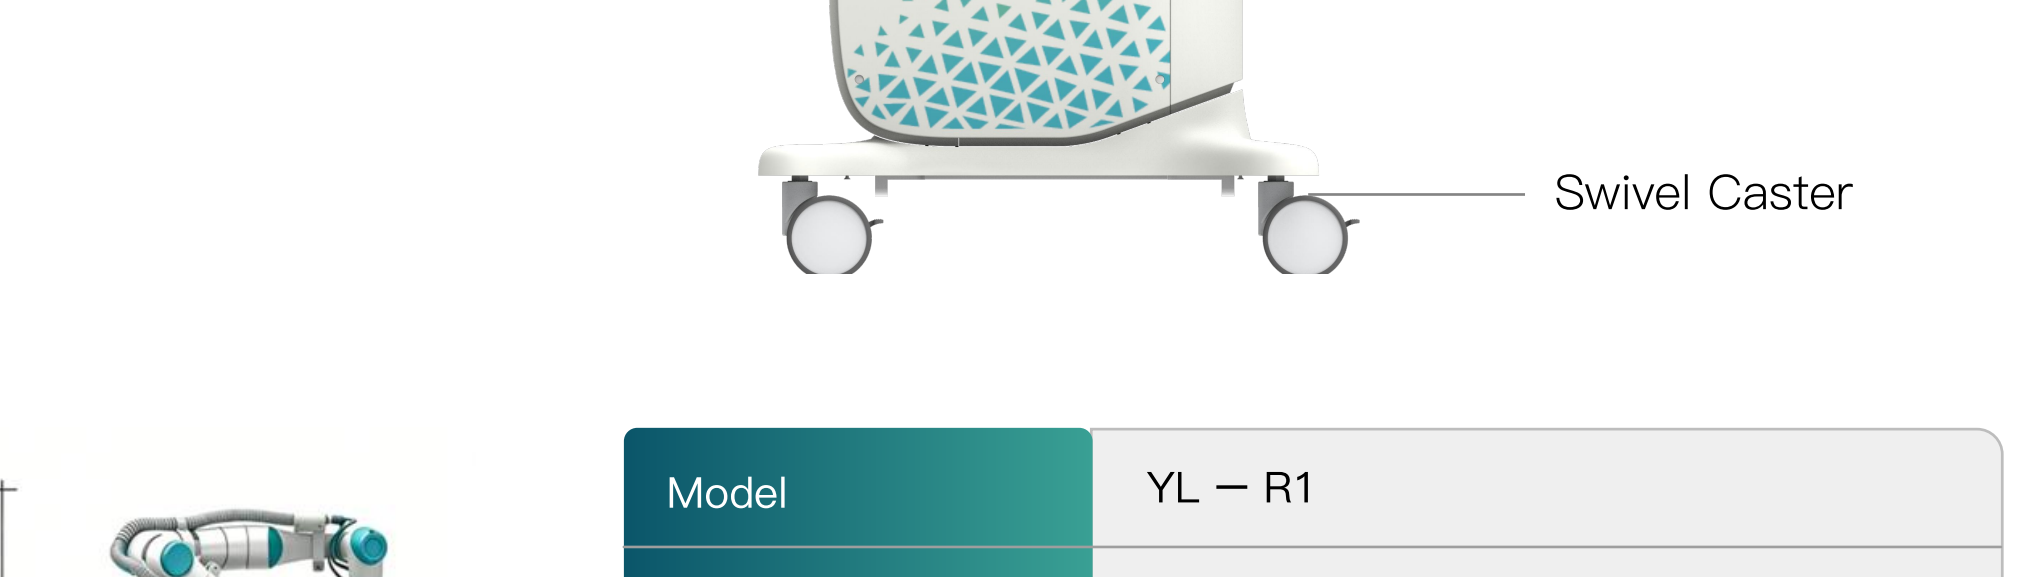

Beauty & SPA

Traditional Chinese
Medicine

Specifications

Model	YL — R1
Dimensions	782*523*1250 mm
Weight	100 Kg
Touch Screen	10.1 inches
OS System	Android
Language	English, Customization Available
Mechanical Arm	6-Axis collaborative robot arm
Camera	3D Vision + Infrared Camera
Infrared Thermal	Temperature Monitoring
AI Physiotherapy	Deep PT Model for Acupoint Recognition
Force Control	6-Dimensional Force Control Sensor
Power	220-240 AC, 50/60Hz
Input Power	300 VA
Temperature	38°C-65°C
Humidity	30%-83%
Network Access	RJ45 Wired Network, Wi-Fi

ABOUT US

Guided by our core value—Respect life, cherish every moment—YuanLife is a global, user-centric platform powered by longevity science. We leverage innovative services to proactively manage aging and redefine the future of wellness through trusted, user-centric innovation.

Respect Life, Cherish Every Moment
